

Wood and Plastics Fabricator

Job Description

If you would like to work with a team of artists, engineers, tinkerers and thinker-ers, on one-of-a-kind projects in a creative environment, we may be the company for you.

We are currently accepting resumes for experienced finish carpenter and plastics fabricator for freelance work in our fabrication shop on some upcoming projects. This is NOT an entry level position and although it is full time with the possibility of overtime, it is not a permanent position. The ideal candidate would be someone with a diverse skill set in a variety of woods, plastics and laminates.

Dillon Works is a premier custom design and fabrication company located in Mukilteo, about 30 minutes north of Seattle. We specialize in the design and fabrication of the more adventurous of architectural and themed environments and elements.

To qualify you must be an experienced finish carpenter and plastics fabricator and be adept at reading blueprints and following instructions.

Please send your resume to one of the following:
